**Were there any significant obstacles to learning that were beyond the control of the instructor (e.g., scheduling or technology problems, university closings, limitations caused by other students or by group dynamics)? If so, please explain.**

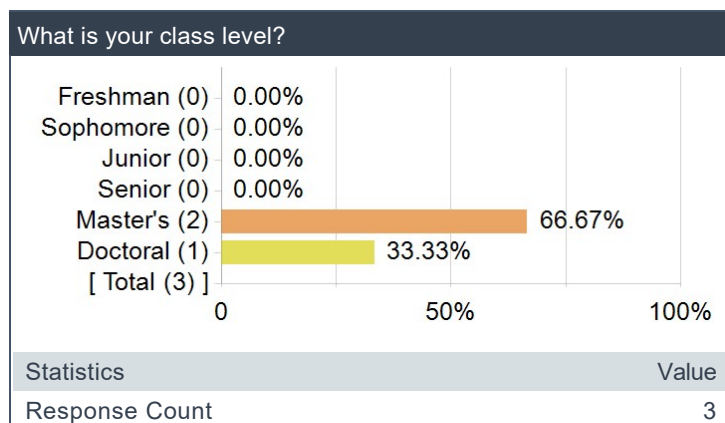

Comments
I hate that I had to take an online class because no in-person options existed. Im sure Dr. Lavengood is a great teacher and the material she made was useful but I requested in-person theory credits and none were available and I felt forced into this class that I knew I wouldn't succeed in because of the nature of online classes. Give us in-person options for EVERYRHING

**What modifications do you suggest for the next time the course is taught?**

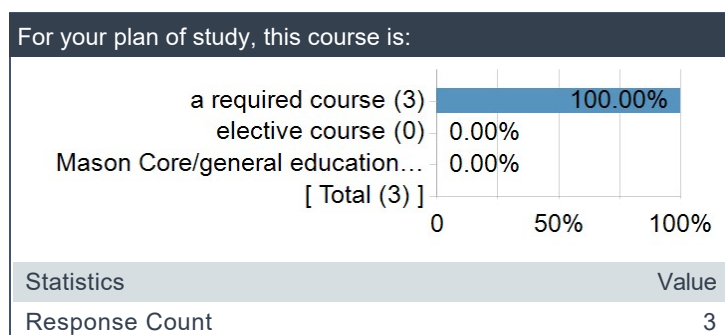

Comments
Make it in-person
